NEWSPAPERARCHIVE®

of it becorned is clear or duli even to send outlinute terms with the blood one can improve accessory to the second of the control of the properties of the president approximate second model of farther deep four the press.

I have will address to the The accessory ment and the Philosophia Press. It to among the properties of acceptance of Says the Philosophia Press. It to among the pressure of the pressure made by arm in both late with a savingtum, and his arrangers, but in matter graphing took relifter America, long would be more menta he would be only be discound in his than i match for the literakh tion. The which choices by the wides of senature and pursues of this ten have been made in the late of model, press, that the America have been made in the same haven by which the American have a long to the more of his to have been made in the late of model, press, that the American have a literature with the American have a literat uses to use a commitment of any matrix of the least to com-suited with or wife in any matrix direct 1 in his choice in making the retrustions about decision joint, bristle, satisface his choice in making the telements also a which the present underthy dentest, area, by which the present underthy dentest, area, by the senathers from Now York is took claimed, and that is to provy for any Therefore, it is induced that what he meant to thing. But the lion there's nothing to be convey was that be would refer to ment for information when he was personally uninformed much better than what Lock. the character and titus-s of the condias to the character and introduct the circle dates for appointment and introduced will. The end of the Tichberne case is not yet. We always to appoint no one to differ out recombined by senators or representative. The making of such an absolute promise as to the such as follows: (Strong, first evidence, not all produced from the out-to-reduced from the character of the chainmant's identity, but that he as to be so to changes" now claim was the only legitimate m a virtual surrences to them of the precogariomraroqqu Ur gaislan lo ytub, bur syita If the power of appointment conferred on the president by the constitution is anything more than a privilege of it is a duty shift responsibility of which he cannot direct himself nor transfer to others. Claiming, says the Philadelphia Inquirer as President Garneld does, that the appointing power is ladged with him, by virtue of his office, he can co tainly begard no assump-tion more impuffent or ill-founded; than that which representatives and denators make to they please, or in such manner as will best serve their personal and political interests.

And instead of deprecating present contention between the president and curtain senators about appointmints be couldry and the administration should be glad that it has occurred work for it cannot be too shoul or distinctly proclaimed and trubustood who is to be present out and who is to expreise the functions of the executive office. The very worst feature of our polities is the claim trade of acombons of congreen of their right to fit the cities in then respective districts with their followers and to tainers. The last indiministration dealers specossful resistance to this chap, and the come quone was a purer and most useful class of civil servants than the country had but for many years. Only the profeshional politic answers "Sanded because Hayes a fernioned to be president and to discurage the duties which he was to be held cosponsible and uple dy let the politicians will be dissatisfied if President Gartield adopts the same e horse. He has all the more teason, to do so because if ore can be him to pursue succlasfully. Thus for le has failed to satisfy any faction, because he has tried to satisfy 40. He began by a ominating to the federal offices in New York a near or of ner: recognized as the followers of Contilling: but when a day or two after, he nominated others not friends of that hader Coulding at once declared way on the president, or rather on his latent nonlinations. This coulds to say is by the president. But there is but one sale, smooth road for his fact, and that is to make filters, not seemfortal or representative infiness, not seemfortal or representative infiness. enes the sole reason for appearant ent. Sur-rendering a little, he will be expected to surrender everything; being firm in the present erisms and in this making of furnire appoint ments, the easier will be make the road along which he has to travel to the end of his adminutration. Set it his determination to be president himself and to discharge the duties for which the country holds him to a faithful performance, he may lose the good will of the machine manipulators, but will svin the safer and more respectable support of the people.

There has been a good deal of talk among bonds, and the general impression appears to be that which is entertained by a ir correspo on "Enquirer." (Admitting that the bonds were worth no more than those par value, the transaction would flave appeared better and been more satisfactory to the public had competing bids been saled for. The act, however, A. B. MCHARISON Anchower. authorizing the issue of these bonds was a price not below par, and that the rate of interest should not exceed 7 per cens. The letter of the law has been fulfilled (hough not carrying, it out in its spirit, which was that they should be sold at the highes, price and bear the lowest, rate of interest at which they could be sold. This would, as Encuirer states, have saved several thousand dellars to he taxpayers of ent at Salem several lays ago why a 7 per cent state bond redeemable at the option of the payer should not sell as well as a 6 per cont city payable in ton years we've perhaps good but it is not true that the difference between the market value of the new Modoc war bonds and the city Bonds recently sold by the city of Portland a 4% per cent, because parties in this city who are in every way responsible have stated their readiness to pay 5 per cent premium for the strte bonds. At least the proper way for our state officials to have dis-posed of these bonds would have been to have divertised them and accepted the ball for the highest price and lowest rate of interest There should also have been a provision allowing holders of the old Modor war bonds to exchange them for bonds of thomas issue. There appears to have been a librater in framing the and it has not been he ged by the way in

hay, and it are not been he specify the way in which it has been carried in.

The abundant supply of a casy which is offering for investment at allow rate of interest on this coast ought to prior new war in all the industrial enterprises and to hasten very grand progress in the entire northwest. only industry which has not revived since the close of the warris ship-luilding. The rapid increase of the starticularial products of this region annually domains a lorge number of vessels occarry, them away. Why should a country with auth facilities as ours he dipone.

Chandeliers, Etc. ent myon other nations to do our carrying trade by sea? Should my serious outbreak of war occur in Europe dependent as this country war occur in Europe dependent as this rountry is upon fornign and especially upon Englished vessels it would work, medigately injury to our commons, and who over the occurs may be that have kept us so at in the rear in this matter, they should be might out and not occur. There is probably no fight of this great or dustry than the north Lectur count. The randomization making that the north Lectur count. autorate makitals unto na into the evi-struction of weeds, finder and from an abundant day and her piter raging can be casily and consepty rate it and why could not be positively and the positive of the rest days for the next three months 1 with set Stanford for the positive of the rest of the next three months 1 with set Stanford for the next three months 1 with set S easily and cheaply rais duard why conseq

The Daile Oregonias per loss and economically man, of Will the increase of equilation evoluted by every great in the near farme, the demand for an entire term of the demand for an entire at matter and the near farme, the defent of our and THE PRESIDENT ON THE APPOINTING shoes, and all the other new teachers. it is said a metalier of sportfuss to only manufacture.
